

Our wonderful surgeons get up early so you don't have to!

Lets face it, having surgery isn't much fun, but, if it's necessary, then make it as easy and convenient as possible. Start with a hospital that's local.

Why go to Auckland when our surgeons will come to you? No long car rides, no peak-hour traffic, no tolls and no parking hassles. You can have a sleep in!

Rodney Surgical is a world-class

hospital with fully qualified, experienced, caring staff and surgeons. It's your community hospital right here in Warkworth.

And because we're local, you can get a taxi home, or your driver can drop you off and go home while you have your surgery. We will call when you are ready to be collected.

Ask your GP – Can it be done at Rodney Surgical?
